PRICE LIST

STANDARD AV PRODUCTION

Planning Meetings

Generally, every day of filming will require an hour of planning. We meet with our clients face-to-face to discuss the parameters and logistics of each project, as well as deadlines and any legal matters regarding filming or copyright issues.

Cost - £25.00 per hour, plus reasonable expenses

Location Filming/Sound Recording

Depending on the desired content of the video, arrangements will need to be made for a number of days' filming. A day is understood to be between 6-8 hours with reasonable breaks. We will arrange all crew and transport, as appropriate for the tasks in hand. A day's filming includes digital capture of the footage/audio to the ShroudFilm editing stations.

Cost - £140.00 per day (or £30.00 per hour) plus reasonable expenses

Audio and Video Editing

As a basic rule, one minute of the final video will take one hour to edit in the studio, dependent upon the complexity of the footage. This includes all 3D graphics design, any extensive post-production effects and motion rendering. Please note this does not include modifications made to a draft version of an edit after the initial planning has already been completed - additional work on a project after completion will incur additional costs at the same standard rates.

Cost - £35.00 per hour

Music, Graphics and Titles

If the video is to include any music not supplied in advance by the client, or any digitally-produced graphics or titles onscreen, then a standard fee covers rendering and royalties. This will be discussed during the planning stage, and is not a hidden cost.

Cost - £40.00 flat rate

Project Delivery

Finished projects are available on DVD, VCD or VHS formats. Standard delivery includes two free DVD copies, but for additional copies or more format options an additional charge will be applied. Video can be supplied to the client in raw digital format for distribution through websites, presentations or any other means, in the following formats - Realplayer, MPEG, Quicktime, Microsoft AVI, Canopus AVI or DivX. Resolution and frame rate are variable as per client specification.

Costs - £15.00 for each 10 additional DVD/VCD/VHS copies
£25.00 for a digital video format

Additional Data Storage Facilities

When working with digital footage, files can exceed 12 gigabytes per hour of video, not including rendered graphics, music and still images. While ShroudFilm has the capacity to store many hundreds of gigabytes on each studio editing station, allowing plenty of scope for projects of almost any size, the facilities are not unlimited. During the course of a contract, storage of the project material is included within the quoted price, but in the event of unexpected delays or disruption to the filming schedule from the client's end of proceedings, ShroudFilm must make arrangements to safely store the saved digital material until such time as work on the project can resume. Alternatively, footage can be returned to the client for safekeeping on a variety of media (such as MiniDV, DVD-R or CDR).

Cost - £120.00 for every 30 days of additional storage
£10.00 per hour of footage to be returned to the client

SHROUDFILM IN SCHOOLS

ShroudFilm is now available for teaching the skills of filmmaking and editing at all Key Stage and Undergraduate levels.

Education Consultancy

By working with the regular teaching staff, we can tailor workshops or projects to meet the needs of the students' curriculum, while also introducing them to the specificities of Film or building on their existing knowledge. A typical school day is understood to be 5-6 hours with reasonable breaks.

Cost - £250.00 per day (or £60.00 per hour) plus reasonable expenses

Specialist Practical Support for Film Studies

Acting as assistants to regular teaching staff, we will advise and provide video direction in practical projects or workshops. Editing of these projects can be included at the same daily rate. A typical school day is understood to be 5-6 hours with reasonable breaks.

Cost - £140.00 per day (or £30.00 per hour) plus reasonable expenses

SPECIAL PACKAGE DEALS

Education Packages

Movie-in-a-Week

A fantastic new scheme which aims to familiarise young people with all aspects of film production. Working with young people between the ages of 10 and 18 years in schools and youth groups, we assist regular teaching staff in encouraging the children to plan, script and film their own movie over 5 days. By the end of the week, the children have a completed project which they are able to take home on DVD, or they can even hold a screening for their family and friends! Price includes use of all equipment, editing of the movie and a DVD copy for each member of the group.

Cost - £1000.00 plus reasonable expenses
or £2250.00 fully staffed by ShroudFilm personnel

Home Video Presentation Packages

Owing to popular demand, ShroudFilm can re-edit and re-format home videos. From your original tapes, video can be remastered and transferred to virtually any format.

Digital Home Video Transfer

Working from your original footage, we can add graphics, captions and music to your home videos and present them on DVD, MPEG or virtually any other format. Makes a wonderful gift for family or friends, or the perfect addition to your own personal website! Your original footage will be unharmed, and returned along with the edited version. Price includes two DVD disc copies and one digital format, if required.

Cost - £25.00 per hour of raw footage, all inclusive

Special Occasion DVD Souvenir

The truly personal gift to celebrate someone special. Simply send us your home videos and/or photos and we will compile the clips into a stunning DVD presentation. We can add graphics, captions and music tailored to your taste, and the finished DVD will be presented in a case with a personalised cover. Perfect for birthdays, anniversaries, engagements, retirements or mementos. All we need is at least one hour of original footage, and everything you send us will be returned to you unharmed. Price includes one DVD disc with case and two spare DVD discs.

Cost - £100.00 for a 10 minute (approx.) presentation, all inclusive
